MAKING PLANS FOR BIG GATHERING

Remobilization Conference On April 8th and 9th Will Be Addressed By Prominent Speakers

The Madison county conference to consider war problems will be held on April 8th and 9th, under the auspices of the Church Community Welfare League, which was recently organized in Richmond. Prominent speakers will be heard and important measures discussed in this conference.

It is expected that each community throughout Madison county will be represented in this conference so that the plans and suggestions of the conference may be carried out in each community. Every church, Sunday school, high school and graded school, Normal School and Berea College are expected to send representatives.

Also all other organizations, such as fraternal orders, the Red Cross, the Madison County Medical Association and city officials, local organizations, the newspapers, the county and in fact, all organizations and institutions which are the merit of the public good will be invited to this conference.

Matter should be taken up by officials in each organization at the conference. The conference on April 8th and 9th will probably be the greatest get-together meeting ever held in Madison county. The whole idea of the conference is the reconstruction and the rebuilding of the community life around the returned soldier and sailor. The home-coming of our boys who have risked their all for love of home and country should be the signal for new departures along many lines—civic, industrial, economic, social, moral, and religious. Methods of improvement along these various lines will be discussed in the various sessions April 8th and 9th.

The committee whose duty it is to arrange for the banquet to the returned soldiers and sailors must have their names as soon as possible so that due preparation may be made. Will not the friends and relatives of our returned soldiers and sailors give the name of such to Mrs. J. R. Pates, Richmond?

O. OLIN GREEN, Chairman of Com. on Arrangements.

Each Nation Will Settle Labor Problems

(By Associated Press) Paris, March 19.—Bulletin—The commission on international labor legislation held probably its last meeting today when it agreed on all points at issue. The American contention that each country should settle its international labor problems without invoking the League of Nations, prevailed.

Col. Denhardt Lands

(By Associated Press) New York, March 19.—Lieut. Col. Henry A. Denhardt, of Bowling Green Ky., was the ranking officer on the cruiser Charleston, which arrived here today with 1,200 troops. He went to France as a casual last June.

Criticize America

(By Associated Press) Vladivostok, Monday, March 17.—Never since the landing of troops here last August, has there been such a widespread criticism of the United States. Newspapers are full of tirades and ingenious distortions of facts calculated to sow discord among Americans, Russian and American allies.

Beginning with disappointment over the passiveness of America's intervention, outspoken hostility has developed over a proposal to meet all Russian factions at the Princess Island conference. The Americans were instantly dubbed friends of the Bolsheviks. Sullenness and unfriendliness, which did not exist a month ago, has now spread to troops and villagers along the railways in Siberia.

Woman Killed By Explosion

Oakland, Cal., March 19.—The killing of Mrs. George Greenwood, wife of a banker here, by an explosion at the Greenwood home last night, remained as much of a mystery today as Greenwood, aroused by the explosion, looked from an upstairs window and saw his wife's body in the garden below. Two slender clues consist of pieces of wire removed from her body and the fact that threatening letters sent to the Greenwoods last January demanded \$5,000. Nothing has developed to show whether the explosive was hurled at Mrs. Greenwood or whether she picked it up and it exploded in her hand.

Allies Won't Control Germany's Armament

(By Associated Press) Paris, Tuesday, March 18.—At the insistence of the American delegates, the military terms of the peace treaty with Germany were amended by eliminating the clause providing for control of Germany's armament for an indefinite period, thus virtually committing the United States to indefinite occupation of Germany and delaying the return home of soldiers. As amended, the terms provide for control through a time fixed for the delivery of war material, but not through a period during which the war damages must be paid by Germany.

\$50,000,000 For Railroads

(By Associated Press) Washington, March 19.—Director General Hines today announced a fifty million dollar advance by the War Finance Corporation to the railroad administration to be used to pay current bills and not to meet obligations already incurred by railroad companies. Hines explained the loan does not eliminate the necessity for future appropriations nor modify the proposed plan of giving government certificates of indebtedness to railroad corporations for past debts.

WIRELESS TELEPHONY

London, March 19.—Bulletin—The Marconi Company today announced the establishment of wireless telephony between Ireland and Canada.

INDIAN MEDICINE MEN

In the Indian Tribe one finds the "Medicine Man"—one versed in the healing art of roots, herbs, leaves and barks. In these he discovers emollients, astringents, laxatives and tonics, all of which are prepared and offered to sufferers among the tribe. To such good, old fashioned roots and herbs Lydia E. Pinkham's Vegetable Compound, the most efficient remedy in the world for female ills, owes its success. For forty-five years it has been restoring women of America to health, until it is now recognized as the standard remedy. 1t

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lax, no good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10¢ and 25¢ per box. All druggists. Take one or two nightly and note the pleasing results.

THE WEATHER

Mr. and Mrs. R. E. Baker entertained with a most excellent dinner Thursday. It was Mr. Baker's 44th birthday. This event is looked forward to from year to year by Mr. Baker's many friends as those who are fortunate enough to be included in the invitation know what good things are in store for them. On this occasion they seemed, if possible, to out do all former efforts. A bountiful dinner was served consisting of all the good things of the season and every one did full justice to the good things set before them, and all wished for Mr. Baker many happy returns of the day. Those present were Mr. and Mrs. Shirley Cotton, Mr. and Mrs. D. H. Starns and son, Mr. and Mrs. Charlie Cotton, and daughter, Mr. and Mrs. John Gibson, Mr. B. J. Cotton, Mrs. J. A. Cotton, Misses Zana Lee Dozier, Inez Moberly, and Mrs. Muggy Moberly, Messrs. Deck, J. C. and Lafayette Cotton. The out of town guests were Mr. and Mrs. Tom Jones and Mrs. Green Stocker.

LOCAL MEN IN ON BIG LEE ROYALTY

Division Sheet Arrives To Be Signed Up To Obtain Royalty On Rich 1,440 Acre Oil Lease

A division order and power of attorney has been received in Richmond to be signed by Madison county and other owners in this section of the royalty in the very valuable Wells-Ponder oil lands in Lee county. The division order has been left at the office of the Daily Register, to be signed by the royalty owners, and the quicker it is signed up, the sooner the royalty owners will begin to collect their money. Those who have interest in it must sign it before they can "draw", are Messrs. Jonah Wagers, Albert Wagers, C. P. Cox, Jonah Cox, Wilson Brandenburg, Hargis Brandenburg, Tandy Centers, Walter Centers, Clay Blakeman, Burton Roberts, James Churser, S. M. Sautley, Charles Brandenburg, H. C. Blakeman, Charlie Wills, Will Arbuckle, Gus Stewart, R. I. Burton, Grover C. Cox and a Mr. Ledford.

There are some 1440 acres in the Wells heirs tract in Lee county, and it is being drilled by the Petroleum Exploration Company. There are something like 90 wells already in and being pumped. The oil is being delivered to the Indian Refining Company. There are said to be locations for 300 wells, and this lease will be one of the biggest oil producers in the state, if not the largest when all the wells are in. There is said to be a large sum in the royalty fund ready to be paid out as soon as the division sheet has been properly signed up.

News from Lee county is to the effect that McHenry and Benton, of Louisville, have completed No. 2 on the Park Vanderpool farm located on the Panther branch of Big Sinking. This lease contains 47 acres. These parties had a contract with the W. P. Williams Oil Corporation to develop this property, but with the consent of both, this has been annulled. No. 3 has been located and they will spud in shortly. On 15 acres of the same farm, owned by the Big Sinking Oil Company, No. 2 is new drilling. No. 1 is rated good for 75 barrels.

The Security Producing and Refining Company has completed No. 2 Ed Riley, estimated good for 5 barrels.

At No. 4, Eureka, the Fletcher Oil and Gas Company struck a flow of salt water and are casing off.

On the 60 acre Beatty heirs recently purchased by the Big Cliff Oil Company, from W. V. Thraves, a machine is now being moved to sink the initial test. This lease adjoins the Flanagan tract of the Ohio Oil Company.

In Breathitt county Lexington parties are moving a rig on to the tract northwest of the Nathan Pelfrey of the Sturgeon Creek Oil Company, and will sink a test. Arrangements will be made shortly to run the oil from the five producing wells brought in this section to VanCleave station about a mile away, where it will be shipped in tank cars.

The Bankers Oil Company expected to complete No. 10 Joel Hubbard this week but has been held up by boiler trouble. This is located on Ross Creek in Estill county.

A meeting of the directors of the Wright Oil Company was held in Louisville, the past week and a dividend of 20 per cent declared payable April 1, 1919. It was also decided to pay a monthly dividend of 5 per cent beginning May 1, 1919, unless some unforeseen circumstances arise.

This company is delivering 200 barrels or more daily to the pipe line and now has five wells on the Clay and Taylor in Lee county.

Recently the Wright Company purchased 109 acres of the Eureka tract from the Fletcher Oil and Gas Company and expects to develop this property in the near future.

Entered at the postoffice at Richmond Ky., as second class mail matter under Act of Congress of 1875.

A rather healthy looking boom for "Dick" Williams, of Covington, but formerly of our neighbor Rockcastle county, for the democratic nomination for governor has been started by some very influential democrats. There isn't a finer fellow in the world, nor

one better qualified to make the kind of governor that Kentucky would be proud of than Judge Williams. Incidentally we notice that Lieut. Col. Denhardt, of Bowling Green, who has been decorated three times for bravery in France, was expected to land in the good old U. S. A. today. In a letter to a friend, discussing the boom that has been launched for him for governor, he said a few things that stamp him as the sort of man who's going to be needed most in Kentucky when the party looks around for its gubernatorial candidate. He said:

Your Catarrh May Lead To Consumption

**Dangerous to Experiment
With Treatment That Gives
Only Temporary Relief.**

You see everywhere people with stopped-up air passages, who seem to breathe only with the greatest difficulty. There is a constant hacking and spitting in an effort to clear the throat and nostrils, and what appears at first to be only a slight cold holds on with stubbornness until a fully developed case of Catarrh has the victim firmly within its grasp.

There is not the slightest doubt that all this suffering is caused by a tiny disease germ that gets into the blood and multiplies by the million. The catarrh germ attacks the delicate mucous membranes of the nose, throat and air passages.

These become choked up with the accumulations, seriously interfering with the breathing apparatus, and causing a told suffering. There is usually a cough, irritated throat, soreness of the membranes and constant discomfort.

If you have ever been afflicted with Catarrh, you know something of the suffering and inconvenience the disease causes. You know, too, that it cannot be cured by the application of sprays, lotions, ointments, jellies, or other local treatment. Even if such treatment does succeed in opening the

stopped-up passages for a while, they soon become clogged again, and there is no progress made toward a cure of the disease.

In addition to the suffering and inconvenience caused by Catarrh, there is always danger that the disease will gradually go lower into the throat and attack the bronchial passages, and eventually involve the lungs. Many a case of consumption has developed from a severe attack of Catarrh.

The most satisfactory treatment for Catarrh is S. S. S., the unrivaled blood purifier, which so promptly routes and eliminates from the blood the germs of Catarrh. In this way, it gets rid of the cause of the disease by going direct to its source, cleansing the blood thoroughly, and building up and renewing the entire system.

S. S. S. has been on the market for more than fifty years, and has been thoroughly tested in thousands of cases of Catarrh. If you want to be rid of the disease, throw away your makeshift remedies, and begin on S. S. S. to-day. You will be delighted with the results, as others have been. S. S. S. is sold by drug stores everywhere.

When you begin taking this remedy, you are invited to write for free medical advice and instruction about your own individual case. Address Chief Medical Adviser, 106 Swift Laboratory, Atlanta, Ga.—(Adv.)

G. G. CORZE

"At this range I am somewhat in the dark and hardly know why or how I happened to be mentioned as a candidate. *** If I cannot do fame don't control me or influence me as they once did. *** If I cannot do some good by making the fight for governor, I would rather go to my home and live quietly the rest of my days. *** The question of winning or losing doesn't matter; if the best people there think I can help in making a fight against certain conditions that exist in Kentucky, I will become a candidate."

Impressed By Nash Plant

Captain Peter Noren, editor of Motor, Stockholm, Sweden, and formerly of the Swedish merchant marine service, was a visitor last week at the Nash Motors Company, in Kenosha, Wisconsin. Captain Noren, who is in the United States for the purpose of making a first hand study of American methods of manufacture as applied to automobiles and trucks was frankly amazed at the high degree of efficiency that has been developed in the factory of Mr. Nash and his associates.

"Long before visiting America," said Captain Noren, "I had heard much about the Nash organization. I also had heard much in Europe and particularly in Sweden about the famous Nash Quad and therefore I coming to Kenosha I had expected great deal in the way of perfect manufacturing methods. What I have seen in this great plant, however, far exceeded my expectations."

In Clark county Henry and Fleeter sold the Croxton farm on the Lexington pike, to H. G. Crabtree, of Clay City, for \$37,500. Possession will be given April 1st. The place consists of 100 acres.

Is Your Blood Poor? If it is, You Need Vinol

Anaemic, run-down, nervous, devitalized conditions result from poor or thin blood. A glance at the formula of Vinol, printed on the label, will show that it contains the very ingredients necessary to make good blood. It soon creates a healthy appetite, improves digestion, and helps you to get full benefit from your daily food, and builds you up.

Drewsville, N. H. "My daughter was anaemic, had poor blood and suffered from indigestion and bilious attacks. As Vinol helped my son, I gave it to my daughter—she soon improved in health, and it has built her up and restored her health."—Mrs. N. Burnell.

Bradford, Pa. "I have used Vinol for impoverished blood. I was broken out with a rash and run down so it was hard for me to keep about my work. Other medicines did no good, but Vinol enriched my blood and improved my condition very rapidly."—Rose Lasky.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Will Welcome Paved Streets

With an overwhelming dust when the wind is high and mud when it rains, everyone is going to welcome those paved streets, there isn't a doubt. Mr. Burton Roberts, who went to Louisville one day last week, stated that he brought back three splendid Buick cars, and until he reached the streets of Richmond on West Main it would have been unnecessary for him to even so much as to have the cars washed off. But holy smoke, when he hit Burnamwood, he stated there was water standing in the streets sufficient to give the boys girls a most delightful skating rink, some evening when the temperature dropped to zero, and that he would entertain the whole bunch any evening they would come out.

Mrs. Butler Carrier who has been operating a dairy out on the Lancaster pike for several years, gave her opinion of the streets of Richmond in an expression that she could run her automobile all over her cow lot, and it wouldn't become as near splattered with dirt and mud as when she drives it on the streets of Richmond. Both of these parties are taxpayers, upon whom part of the expense of making better streets would fall, and are very willing to stand their part of the burden in order that Richmond may be a cleaner and more sanitary

COULD HARDLY EAT ANYTHING

Would Go Two or Three Days Without Eating Anything But Toast and Coffee.

"My appetite was so poor that I would go two or three days without eating anything but toast and coffee," said Mrs. Lullie Neal, of 172 North Lime street, Lexington.

"I was very nervous and could not sleep well at all.

"I had also suffered from constipation for eight or ten years. In fact my whole system was run down so that I could hardly attend to my household duties.

Son Gets Meritone.

"One day my son who is stage manager at one of the local theatres, brought home a mottle of Meritone for me to try.

"I took it and it has built up my whole system. The constipation is almost entirely relieved, too.

"I want all my friends to know of Meritone and how it has helped me."

Meritone is the tonic of real merit that is helping hundreds of people throughout the state. It is highly recommended for ailing conditions of the stomach, liver or kidneys or for catarrh, rheumatism, sleeplessness or lack of appetite. It is a general system medicine and as a strengthener and builder it has no superior.

Meritone can be obtained at Perry & Son's.

YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS FALLING OUT

Save Your Hair. Make It Thick, Wavy Glossy and Beautiful At Once

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks use, when you will see new hair fine and downy at first—yes—really new hair growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. difference how dull, faded, brittle, scraggy, just moisten a cloth with Danderine and carefully draw it all over your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter and prove that your hair is as soft and pretty as any—that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair.
